MILL CITY MILL ALMOST READY FOR OPERATION

I. M. Quigley of the E. Reinhart company store made a flying business trip to Mill City Tuesday. He reported that the National Antimony company's mill at that place is now almost complete and will be working 20 tons of ore per day as soon as the furnaces arrive and can be installed. The wheels of the mill have been turning the past few days, the purpose not being to treat ore, but rather to "work in" bearings, etc. Mr. Quigley states construction on two more new mills will be commenced within the next 30 days, but so far as he knows nothing concrete has been done toward that end. About 40 men will be employed by the National Antimony company as soon as the mill starts real work.

NOTICE TO JURORS

Jurors summoned to appear in the district court June 7th need not appear until Tuesday, June 11th.

L. E. GLASS,
Clerk of the District Court.

OHIO LEDGE ORE IN THE MACNAMARA

Work was resumed in the MacNamara 700 raise 1 during the week, from which raise the Ohio vein was cut several months ago, at that time showing 20 feet of quartz with some values near the hanging. Work was then stopped temporarily in order to resume work in the long 700 cross-cut.

After operations were resumed at this point this week, one drift round was shot in the raise, disclosing ore of mill values and stoping was commenced immediately, each round continuing to show a wonderful improvement. As the Bonanza goes to press, the pay streak is four feet wide with eighteen inches of high-grade ore in the hanging-wall. Today's sample across the entire width of the vein shows a value of \$83.50 per ton.

The continued improvement in the MacNamara has been received with great satisfaction by the management, as many thousands dollars were spent in an endeavor to open this orebody.

MERCURY MINE MAKES FINE RECORD IN APRIL

John Tregloan today received the monthly report of the Mercury Mining company of Lone, Nev., covering operations for the month of April. The production was 75 flasks with a recovery of .341 or 6.82 pounds of quicksilver to the ton. The mine calls for an overhead of 3.50 pounds per ton to pay expenses which were placed at \$378.69 for the month. The cost per flask was \$50.38. Total stock on hand 138 flasks and 177 were marketed during the month. The mine is reported looking well in all respects but working short-handed owing to inability to find labor. The plant is running at normal capacity but the management expects to increase the tonnage from 27 tons to 30 tons a day.

NEVADA CROP REPORT SHOWS IMPROVEMENT

RENO, June 8.—Warm weather the last half of the week was beneficial to winter and spring wheat, oats, barley, rye, garden truck and alfalfa. There is a poor stand of spring wheat in the northern counties. Local showers improved wild hay, pastures and ranges, and cattle and sheep are reported in good to excellent condition. Shearing is progressing well and wool is being shipped rapidly to eastern markets. Potatoes are maturing. Apricots are ripening and a good crop of cantaloupes is being harvested in Clark county.

FOOD CONSERVATION
A week of food conservation will be opened at the old high school next week when visitors will be taught the food value of various commodities. The demonstration will begin Tuesday and be open for the rest of the week from 9:30 to noon.

BELMONT BOY IS HAPPY
John Kuzman went to work at the Belmont this morning with the cheerful news that he was the proud father of an eight-pound daughter that arrived last evening at 8 o'clock.

BECOMES GRANDMOTHER TODAY
Mrs. Maud Coulter, assistant county recorder, is not passing the cigars as a man would do under the circumstances, but she is not trying to dodge the new responsibility of becoming a grandmother which was thrust on her this morning when she was notified by wire that her daughter, Carol, now Mrs. Waldo B. Waterman, of San Francisco, had been delivered of a daughter.

Our observation is that it is hard to make a silk shirt look like it isn't oversteering its leave from the laundry.

Our estimate of a pessimist is that he is the kind of person who doesn't believe grease would do an axle any good.

To the Voters of Nevada:

I take this means of announcing my candidacy for the office of

United States Senator
from Nevada

subject to the action of the Democratic primary

Charles B. Henderson

MISS GENEVA PEART MARRIED ON COAST

Mrs. Elizabeth Knox received a message this morning announcing the wedding of Miss Geneva Peart to Andrew Moran of San Francisco. The event took place at the Hotel Del Monte at Monterey and the couple will be home after an extensive tour. Mr. Moran is one of the wealthiest and best known shipbuilders of the Pacific coast with extensive yards at Oakland and Alameda. He has one of the finest residences in San Francisco at Clay Park. Miss Peart will be remembered in Tonopah as the daughter of Mrs. C. H. Peart, who lived at the Mizpah hotel until about three years ago when both mother and daughter removed to the coast, taking up their residence in a magnificent home at 5237 California street. The couple first met last fall.

FOOD CONSERVATION TAUGHT IN NEVADA

Mrs. Katherine Smith, teacher of domestic science in the high school, has been engaged to deliver a series of demonstration lectures throughout the state for the benefit of farmers' wives who have not been taught the art of conserving or in properly preparing the new substitute foods. Mrs. Smith will receive a salary of \$125 a month with \$70 for expenses.

MOTHER OF SENATOR HENDERSON, PASSES

John Henderson received a telegram this morning stating that his mother, Mrs. Sarah W. Henderson, had died at her daughter's home in Chicago this morning at 4:30, and that arrangements were being made to bring the remains to Elko for burial.

Senator C. B. Henderson has wired that he will leave Washington, D. C., this afternoon, and in company with his sister, Mrs. Belle Brown, and Mrs. Sadie West, who is in Chicago at the present time, will leave tomorrow for Elko, and will arrive here next Saturday, and in all probability the funeral will be held next Sunday, the definite time to be fixed later.

Mrs. Henderson was past her 81st birthday, and for several years past has been in failing health. While her death was not unexpected, it came suddenly and she passed away at the end of a long and useful life. She left Elko about 16 years ago, soon after the death of her husband, John Henderson, going to Chicago and making her home with her daughter, Mrs. Belle Brown. All of the children will be here at the funeral, Senator Henderson coming on from Washington, D. C. Dr. Joe Henderson from San Francisco, Mrs. Brown of Chicago, and John and L. O. Henderson, who live in Elko. Free Press.

L. B. PATRICK MADE FIRST LIEUTENANT IN TANK CORPS

Lieutenant Lloyd B. Patrick has been promoted from second lieutenant to first lieutenant, according to a telegram received by his mother, Mrs. F. G. Patrick. Lieutenant Patrick enlisted six months ago and was made a second lieutenant at the Camp Kearny training camp. He is now in command of a tank corps at Gettysburg, Pa.

GIRL FOR GEORGE'S CANYON
Charles Fancher, the rancher and miner of George's Canyon, is receiving congratulations today since the news got out that Mrs. Fancher had presented him with a nine-pound daughter this morning and that both were getting along nicely. The Fanchers recently moved into town.

ANNOUNCEMENT
I desire to take this means of announcing my candidacy for the democratic nomination for the office of sheriff and assessor of Nye county at the primary election to be held next fall. If elected, I promise to discharge the duties of the office to the best of my ability and to the credit of the county.
(Signed) JOHN BARRIER.

The poorest paying job for women in Japan is that of elementary school teachers.

PERSONAL

MRS. G. T. LUNDLEE was a passenger this morning for the east.

MISS ROWENA LACQUE, of the public schools went on this morning for a visit to Hollister, Cal.

MISS KATHERINE MURPHY, commercial teacher, left this morning for her parent's home in Huron, S. D.

MRS. J. P. WYMER left this morning with her family to join Mr. Wymer at the United States naval station at Vallejo.

PROF. DICKSON, principal of the Manhattan schools, was an outgoing passenger today for the coast where he goes to join the colors.

MRS. E. Y. M'KEE has returned from Ruth to remain a short time before continuing on to San Diego where she will spend the summer.

MISS FRANCES GOWER, teacher of music and third grade, went out this morning for the coast where she will spend a short time before going to her home in Iowa.

MAX WOODS, who has been in the army, could not restrain the impulse of getting into action and left this morning for the coast to tender his services to his country.

MISS GRACE RUSSELL, teacher of English, will not return to Tonopah next year, having accepted the position of superintendent of the schools at Providence, Iowa, near her home, which is at Pleasant Springs.

ELLIS and ALICE PAINE, the eighteen-year old twins who, have been attending school, were escorted to the depot this morning by the scouts on the occasion of leaving for southern California.

FRED BURNHAM WORSE

Fred Burnham, manager of the Water Company of Tonopah, suffered a relapse last evening and had to submit to another operation by which the carbuncle was lanced again. From indications it appears that a tumor has developed and a drainage tube was inserted under the arm which gave partial relief.

CHLORIDE OF LIME

A barrel of chloride of lime has been received at the police station and any one wanting same will be supplied free of charge on application.
JOHN D. GRANT,
Chief of Police.

Of course the spring poet doesn't make much money, but if he feels like he writes he doesn't need much.

AMUSEMENTS

WHAT IS "THE SHELL GAME?"

Theatergoers will find much that is interesting in the Metro picture, "The Shell Game," starring beautiful Emmy Wehlen, which will be the attraction at the Butler this evening.

For those who have read Kenneth L. Roberts' Saturday Evening Post story, "Good Will and Almond Shells," this picture will have added interest. To those who are uninitiated, the real meaning of "The Shell Game" will be a puzzle. What is a shell game? In this case almond shells enter into the plot which is concerned with the scheme of a confidence man de luxe. This man of wits plays what is known among men of his kind as a "shell" game to blackmail an apparently unsuspecting victim. Silk Wilkins, the operator of the "shell" game uses an almond as the means of communicating a message to his hoped-for victim.

With the skill of his profession he inserts the message into an almond and then fastens it together again, removing all appearances of it having been tampered with. Then when the victim, who has an unusual fondness for almonds, cracks the nut at his meal, Wilkins slips the "fixed" almond among the rest and awaits results. This starts an interesting chain of events which become more interesting when the shell is cracked and the mysterious message is read. Also another one of those side-splitting comedies, "A Walter's Wasted Life." Some comedy.

Tomorrow, beautiful Ethel Clayton, in a gripping, brilliant story, "Souls Adrift," and "Vengeance and the Woman."

A GOOD IDEA

A few days ago the Appeal called attention to the fact that Carson City was a "good thing" for a certain ilk of beggars and solicitors. The following idea might work well here.

"At a meeting of the City council of defense a resolution was passed prohibiting the soliciting for any cause, no matter how worthy, without first securing the written consent of the council of defense. This is due to protect the people against fake schemes of various kinds, which have recently been worked to the limit in this community."

An English postman walked 53,000 miles during forty-three years' service.
